Owner of Bear & Joey - Peter Wood

After looking at over 20 sites for our cafe, I was pleased to finally come across "Black & White" by Abstract Developments. What drew me to the building apart from location was the innovative design and strong street presence. Whilst edgy and contemporary, the building suits the neighbourhood perfectly. The many small details set this building apart, and feel its design will be admired for years to come. Although a lengthy process, the lease negotiation was straightforward and facilitated by wonderful brokers. As the project was slightly larger than anticipated, financial assistance from Abstract in the form of a generous TI made the project possible. Global Pandemics are not a usual occurrence, so when recent events forced a substantial change to our business model, Abstract were more than happy to help find a solution. With some tweaking, we were able to reach a plan that would help us get through this challenging time. I look forward to working with them again in the future when we are ready to expand! ” ”
